Farmingville, NY - Recently, Councilwoman Jane Bonner visited Briarcliff Elementary School in the Shoreham Wading River School District, Laddie A. Decker Sound Beach School in Miller Place and Frank J. Carasiti Elementary School in Rocky Point to thank the students for their efforts to promote recycling. The students presented Councilwoman Bonner with three 55 gallon drums that they designed and painted which will be placed at town parks for recycling.

"The children did a beautiful job painting the drums," said Councilwoman Bonner. "They will be a great addition to our Town parks and help to remind people of the need to recycle."
